Each apartment has a view of the nearby woods and fields or the surrounding neighborhood. Each resident has many other benefits at Fieldcrest Villages. The lobby and reception area is where residents meet and greet each other as they come and go. The lobby has a secured entrance with intercom, locked mailboxes, and a reception area where folks sit and chat.

A beautiful community room is in each building. Residents gather for coffee and informal activities with others or to entertain their visiting friends and families if they like. The community room can be reserved by residents for private events such as birthday parties. An outdoor patio is available to residents to enjoy the nice weather while they watch the world go by.

Each Fieldcrest Village building has a full laundry room with washers and dryers as well as folding tables and hanging racks. Private parking is available right in front of the building for those residents that own cars. Coming and going is easy because there are no steps from your apartment to your car, so people with canes, walkers, and wheelchairs don't have to struggle with steps.
